Thirteen Jap Vessels Sunk Or Damaged

Were Filled With Troops Off The Menado Coast

By C. Yates McDaniel
GENERAL HEADQUARTERS, SOUTHWEST PACIFIC, Wednesday, Sept. 6.—Thirteen Japanese troop-filled small craft were sunk or damaged off Celebes and 10 freighters were bombarded elsewhere as Allied aircraft continued vigilant patrol of Mindanao and the Moluccas, headquarters announced today.
The strikes all were made Sunday night and Monday morning. The troop craft were caught off the Menado coast in northern Celebes.
Two hundred miles eastward, night-patrolling Catalina flying boats destroyed a 1,000-ton freighter and left a 4,000 tonner listing and probably sinking, after direct hits. Six small freighters and 13 barges also were sunk or damaged in Wasile Bay, northern Halmahera.
Air patrols at night sank a 1,000-ton freighter in Davao Gulf, southern Philippines. Another merchantman of the same tonnage was driven ashore at Ambonia, west of New Guinea, and a coastal vessel was sunk.
This 37 total for all types of shipping followed a series of aerial attacks reported yesterday in which 17 ships were sunk or damaged at the same targets.
Heavy units bombed Kendari, Celebes, headquarters said today, but there was no Japanese interception. In a 140-ton raid Sunday the enemy sent up 20 interceptors, of which three definitely were shot down, with four probables.
Today's communique reported that since August 30 an additional 722 Japanese have been killed in the New Guinea area. Two hundred forty-two more Nipponese were captured and 25 former prisoners of the Japanese were liberated.

Bronze Plants Taken Over By the Army

Action Comes After Strike of Six Days at Cleveland

CLEVELAND, Sept. 6 — (AP) — The Army took possession at 9:02 o'clock Tuesday night of 2 plants of the Cleveland Graphite Bronze Co., where a six-day strike of the Mechanics Educational Society of America, an unaffiliated union, has crippled production of bearings for B-29 Superfortresses and other war planes.
Lt. Col. George D. Lynn, chief of the War Department's Cleveland Ordnance district, accompanied by a score of other officers, took over the company's principal plant (St. Clair ave.), ran up a United States flag beside the main entrance and posted a notice that the War Department had taken possession by executive order of President Roosevelt. Notices signed by Lynn immediately posted at plant entrances read:
"By executive order, the President of the United States directed the Secretary of War to take possession of the plants and facilities of the Graphite Bronze Co., Cleveland, O., located in and around Cleveland, O., and to operate and arrange for the operation of such plants and facilities in such manner as he seems necessary for the successful prosecution of the war."
"In accordance with that order, I have been authorized to take possession of the said plants and facilities and other assets used in connection with the operation thereof."
Pursuant to such direction, possession therefore is hereby taken by the War Department."
Matthew L. Smith, National MESA secretary, reached on a picket line, said he had no comment to make immediately on the War Department's action.
Mr. and Mrs. Claude Cooker of Texas, who have spent several weeks in the home of Mrs. Cooker's parents, Mr. and Mrs. J. E. Hand, spent the past week at Windsor and on the Lake of the Ozarks.
William T. Fluty, who has been in charge of the Standard Oil wagon here, has been transferred to Marshall. His wife and two small children will join him when they can find a house in Marshall. Amos R. Rhinehart, who has been an oiler at the Panhandle Eastern Pipe Line station plant, will take his place here.
Mr. and Mrs. James Houchen and small daughter will move into the Newson property. Mr. Houchen was recently transferred from Louisburg station plant to the Houstonia plant as an auxiliary engineer.
Houstonia grade and high school opened August 28 with the following teachers composing the faculty: Superintendent Roy E. Freund; high school teachers, Mrs. Paul T. Killion and Miss Gladys Foster; seventh and eighth grades and assistant in high school, Paul T. Killion; grade room three, Mrs. John Greer; room two, Miss Anna Margaret Wingfield; room one, Mrs. Roy E. Freund; Joe Belsha is janitor and Ed Craver and William Biles are bus drivers.

Scrap Some Of Controls

Easing Will Come As Soon as War With Nazis Ends

WASHINGTON, Sept. 6.—(P)—The War Production Board announced Tuesday a decision to scrap virtually all controls over production of civilian goods, once the war with Germany ends.

Anticipating that war production can be scaled down 40 per cent, the decision contemplates continuance of controls to get the munitions needed to defeat Japan but giving industry practically a free hand to take what materials are left and make "whatever people want."

J. A. Krug, acting chairman of the WPB, said the army, navy and major war agencies had unanimously agreed on the program, designed to provide the utmost stimulus to reconversion after Germany's defeat, but at the same time protecting production necessary for the Japanese war.

War Production To Drop
The board estimated there would be a reduction of about 40 per cent in war production within three months after the defeat of Germany and that this will free more than 4,000,000 workers. It decided on the following program:

1. Removal of almost all controls over materials immediately on Germany's defeat except those absolutely necessary to assure the necessary war production to defeat Japan. This means that any manufacturer can use any plants and any materials that are not needed for military production.

2. The War Production Board and other government agencies will use their full powers to assist and encourage industry in resuming civilian production and maintaining employment through the "know-how" of its industry divisions and industry-labor advisory committees.

3. The board will maintain its organization and powers so as not to relinquish authority until it is certain that the War Production program is adequate for victory over Japan.

Krug outlined the program following a meeting of the full board. He said the decision was made after a re-survey of the military and production situation.

In brief, he said the purpose is two-fold:
First to assure full military production until Japan is defeated and second, to free civilian enterprise to the utmost.

Industry will be allowed, according to the availability of markets, men, materials and plants "to do the swiftest and most effective job possible of restoring production, making whatever people want and affording maximum employment, just as quickly as possible," Krug said.

Under the plan, there will be only one preference rating, in addition to the present emergency triple-A rating, and this will be reserved exclusively for military programs during the war against Japan.

All other production will be un-rated, and manufacturers will be permitted to accept un-rated articles but they will be required to fill rated military orders ahead of other business.

After Germany's defeat there will be no "programming" of civilian production.

Bulgaria Asked for What she Got

Permitted Nazis To Use Country As Military Base

By DeWitt MacKenzie
Associated Press War Analyst

Russia's declaration of war on Bulgaria is of far greater importance than appears on the surface, for it not only comes at the right moment to speed Hitler's downfall but it projects momentous questions into the peace deliberations.

So far as concerns Bulgaria, she asked for what she got. Stupidity and cupidity have impelled her to try to play both the Allied and the Axis game.

This tough Balkan state, which has been at war with the United States and Britain but not with Russia, recently assumed the status of pseudo-neutrality and began armistice negotiations with Anglo-American representatives in Cairo when Hitler's grip on the Balkans weakened badly. Under protection of this "neutrality" the Germans have continued to use Bulgaria as a refuge and military base.

Consideration To Bulgaria

Throughout the war Russia has shown Bulgaria great consideration despite the latter's adherence to the Axis. The racial tie between these Slavic nations is strong. When the Red armies invaded Romania recently they punctiliously halted their drive, not on the pre-war Bulgarian boundary but on the frontier of southern Dobruja, which Sofia acquired from hard-pressed Romania in 1940. This rich wheat province has been a bone of contention between Bulgaria and Romania since the latter won it in the Second Balkan War in 1912.

means everyone will know of the peace.

Mr. Wells, who is a world traveler, said that throughout the countries all over the world the one man who stood out was Abraham Lincoln, because to all nations he was a symbol of freedom. He was the universally admired statesman. One day when he was in Bucharest, Romania, Mr. Wells said, he asked why they had the statue of Abraham Lincoln in their university and the reply he received was: "Because Lincoln helps to keep our dreams fresh."

Several Guests

The speaker was presented by Rev. Samuel Jensen in behalf of the Ministerial Alliance.

Herbert Hall was the program chairman and the meeting was presided over by President Noel Tweed.

Visitors were Dr. Kenneth Holden, guest of Herbert Hall, and the following Rotarians: Rev. J. Fred King, Frank Bryant, B. B. Bess, Guy Peabody, W. O. Stanley, R. L. Van Hoesen, Fred Brink, Dr. Roy Keller and D. S. Lamm.

greed," stated the speaker. "The church has been far too reluctant in keeping its place in the midst of these conflicts and since these problems are spiritual and the church is the one close spiritual agency in human life, the failure of the church to keep its place courageously, left the door open to the radical, the communist agitator, whose activities have been so prominent in the development of America's labor and racial issues."

Mr. Wells told of some of his observations in covering strikes and race riots in America, in which he emphasized that all these explosive activities could have been prevented if men's hearts had been open to Christian truth.

A forum discussion was held after Mr. Wells' presentation in which numerous Sedalia citizens took part. Topics chiefly discussed related to the American citizens of Japanese ancestry and their place in our society; how to prevent race riots, etc.

An ordinance was passed providing for the closing of all places selling liquor immediately upon the announcement of victory in Europe, and the V-Day celebration. They will remain closed for 24 hours. In places where liquor is sold with other merchandise, only the liquor department must be closed.

A renewal license to sell liquor was granted to the Crown drug store, one was granted to the Safeway store, 502 South Ohio avenue, and a renewal to the Star Drug Store, 404 South Ohio avenue.

The Star permit was granted over a protest from the board of the First Methodist church, which called attention to the fact that there is a state law prohibiting the sale of intoxicating liquor within 100 feet of a church or school, without the written consent of the board of that church or school. The letter was accompanied by an opinion from the attorney general, who ruled the distance was measured from building to building.

Fred F. Wesner, representing Mr. Hyken, owner of the Star, stated that he had filed to find, and he believed D. S. Lamm, the city counselor would bear him out, any place in the law where it stated where the 100 feet was measured from, and it was more reasonable to suppose it would be measured from the front door of the building than from a building line. It was stated Mr. Hyken had for four years been obtaining a city license, has his state, federal and county, and when the vote on the question was taken it was 5 to 2, Keenan and Pringle voting No, Taylor having previously been excused from the session.

License Is Revoked

The license of Charles Evans, to sell 3.2 beer at whose place of business, 104 South Washington avenue, there was a sly Saturday night, was revoked. It was shown that Evans had obtained the license for a Lamine avenue address, and not for the address at which he was operating.

For Income Tax Withheld on Wages

TO EMPLOYEE: This Withholding Receipt may be used as your income tax return if your 1944 income meets the TEST below.

A married couple may make a combined return on this Withholding Receipt, if their total income meets the test. Their incomes should be combined on Lines 1, 2, and 3, and shown separately on Line 4. At the oblong council table, with Eisenhower sitting at the head, they shot questions back and forth in verbal volleys. When a technical problem arose, they called in experts and other generals to advise with them. After the day's session, Ike would remain working alone until far into the night. He was now rising at 4 o'clock in the morning and staying on the job until 10:30.

A few hours before the Sicily invasion a terrific wind swept over the Mediterranean. Eisenhower and his staff were in the weather-trained plainsman's. He went to headquarters and found a message from General Marshall:

"Is it on or off and what do you think?"

"It's 'on,'" Eisenhower would answer. "There's a high wind, but I think we'll be able to repulse it in the morning."

Get coffee that's
5 Ways Better!

1. The Pick of Plantation

High-flavored coffees are worth getting excited about! To get first choice of the finest crops—A&P buyers in the leading producing countries... go right to the plantations. Result: You get full-flavor in every pound!

2. Flavor Saver Roasting

No flavor lost, thanks to A&P's "flavor-saver" roasting. This exclusive process literally "boards" coffee flavor for you. At flavor peak—off goes the heat, out come the beans cramp-packed with flavor.

3. Fresher...in the bean

It's still in the freshly roasted bean when you buy! Its naturally mellow flavor tightly locked-in by Mother Nature's own protective seal! For finer, fresher flavor... buy your coffee in the bean.

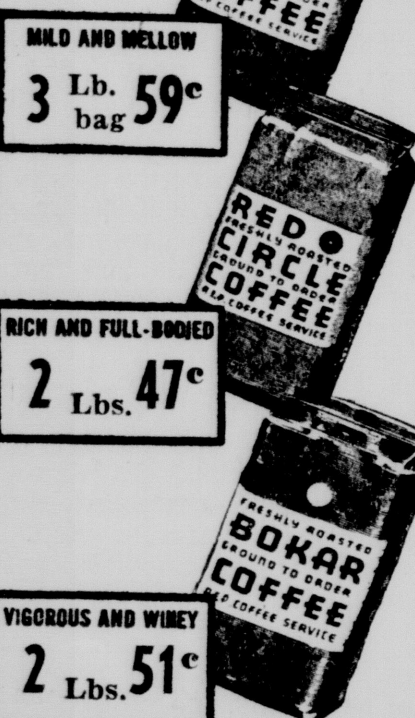

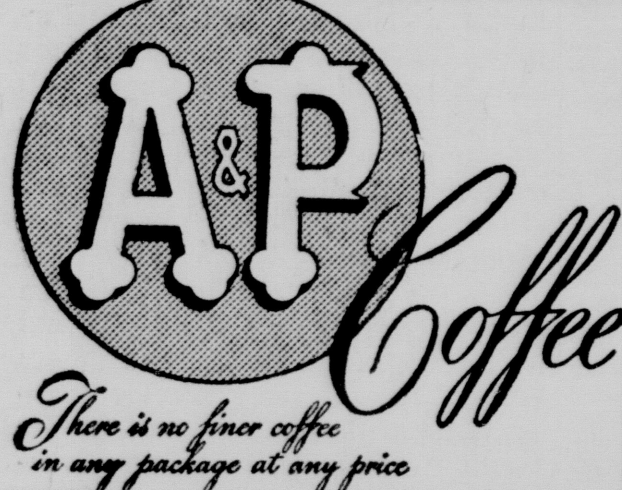

4. Fits your coffeepot

Freshly ground when you buy... precisely right for your coffeepot. You get full benefit, no matter what type coffeepot you use! The grand aroma of freshly ground A&P Coffee is your promise of coffee at its best!

5. Richer in your cup

Superb quality coffee that is really fresh... and correctly ground—will give you more flavor—richer flavor every time!

FOR PERFECT PERCOLATOR COFFEE
Be sure your coffee is fresh... buy it in the bean... have it ground A&P PERCOLATOR grind—that's exactly right for a percolator. Into a spotless coffeepot, measure two level tablespoons of coffee per cup of water. "Percol" 5 to 8 minutes. Serve immediately.

Newhouse And Trout Tigers' Hope

Two Hard Working Pitchers Detroit's Success Formula

By Jack Hand
Associated Press Sports Writer

Newhouse or Trout pitching and Trout or Newhouse Warming up!

That appeared to be Detroit's success formula today as the Tigers crept to within two games of the American league-leading Yankee.

On paper the race still was between New York and St. Louis, separated by only a half game, but Steve O'Neill's Bengals were feared most by the three other contenders.

It was Hal Newhouse's turn to take up the burden last night, and the 23-year-old Detroit-born south paw did his job with a six-hit shutout over Chicago, 6-0. Even so, when the Lefty issued his only pass in an unsteady seventh inning start, Dizzy Trout voluntarily jumped up and started throwing in the bullpen.

With the bulk of the double-headers out of the way, it was probable that the pair would do most of the work in the 23 remaining games.

All other contenders were idle yesterday so the Tigers gained a half length on the field. St. Louis found solace for losing the lead in the return of Bob Muncie, sore-armed right hander who had won 12 games up to Aug. 5 but failed to go the route in his last four starts.

New York was taking first place in stride after many years of setting the pace.

The Yankees, Boston and the Browns were idle again today as Detroit wound up its season's business with the White Sox. St. Louis opens its last road trip on Thursday in a five-game visit to Chicago, and New York and Boston meet four times, starting Friday.

Mort Cooper and Bucky Walters blossomed forth as the National league's first 20-game winners as the St. Louis Cards and Cincinnati took turns dividing 4-0 shutouts. Cooper outpointed Tom Delacruz

on a six-hit effort in the opener, but Walters came back to match Cooper and beat Max Lanier in the finale.

It was the sixth straight time Walters had beaten St. Louis. He has allowed only four runs in 58 innings against the leaders and has shut them out four times.

• Sports Roundup

By Hugh Fullerton, Jr.
NEW YORK, Sept. 6.—(AP)—Rash prediction: college football this season, broadly speaking, will be as good this fall as it was in 1943 because of the number of athletes returning to school after being discharged from the armed forces and the navy men returning from fleet duty. . . . Nearly every roster to hit this desk lists a few of them. . . . Fight manager Al Weill is off for a vacation in California, taking Pedro Hernandez and Jimmy Hatched along for a few scraps that will pay the expenses.

Pre-Season Drill

Al Michaels, Penn State's backfield coach, was more than unusually downcast when he heard that Fullack Bill Abramitis had been appointed to the Naval Academy and his fellow coaches took occasion to rib Al about his tear-dripping tendencies. . . . But head-man Bob Higgins put a halt to such levity. . . . "Let Mike alone," he ordered. "Don't you know the first game is only a few weeks away. He's practicing worrying."

Shorts and Shells

Leftover leaves from Forest Hills: Frankie Parker, the new tennis champ, hopes to go back to his old movie job as assistant director of special effects after the war. . . . Sgt. Frankie can look back with considerable satisfaction to his first appearance in the nationals. Back in 1932, he ko's Japan's Sadakazu Onda in the first round. . . . Col. Eskey Clark, who is cooking up that new army sports program, hasn't found time to talk with Tad Wieman about what part the college army trainees may have in it. . . . Ralph Zannelli, who fights Jimmy McDaniels in the Garden Friday, never has fought in a preliminary or semi-final bout.

Time To Retire

Pvt. Bob Montgomery, the lightweight champ, was refereeing a camp bout at Keesler Field, Miss., last week when a very tired boxer dropped to the canvas. . . . Bob raised his arm to start the count, but the fallen gladiator remarked: "No use countin' Mister Montgomery. I ain't goin' to get up."

Double-Deck Canner Made

Tribute to the ingenuity of Mrs. George Brady, who lives in Pettis county, for devising a unique double-deck canner, is paid in the September issue of nationally-circulated Capper's Farmer.

"A cream can is used for water-bath canning by Mrs. Brady," says a story in the magazine. "She uses coffee tin lids for a rack in the bottom of the can. They are satisfactory when liberally perforated and placed top upward. Mrs. Brady puts two decks of jars in a 10-gallon can, staggering them so top-deck jars are immediately above opening between those of the lower deck."

"Mrs. Brady uses a kerosene stove, preheats the water and keeps it boiling violently during the recommending processing period. The cream can lid is left loose so steam may escape freely."

Wed By Judge Collins

John Rogers Harsley, Sedalia, and Miss Jessie Fern McLane, of Jefferson City, were married in the office of Justice of the Peace W. A. Collins Sunday evening at 9:00 o'clock. Witnesses to the marriage were F. A. Ahrens and William A. Collins.

R. H. Guenther Dies of Injuries

Car of Versailles Man Crashes Into Bridge Abutment

Reed H. Guenther, aged 46, representative of the farm loan division of the Metropolitan Insurance Company, was fatally injured about 12:30 o'clock Tuesday afternoon when the car he was driving, a 1941 Chevrolet coach, struck an abutment of the Salem bridge on highway No. 52 between Versailles and Stover.

Mr. Guenther spent the week end with his family at Versailles and was going west on the highway headed for Clinton on business when the crash came. This was about three miles east of Stover.

Audrey Gerit and Julius Clindworth, both of Stover, were first to reach him and he was found unconscious. He was taken by ambulance to the Drs. Gunn and Gunn clinic at Versailles and arriving there expired in about five minutes.

No Witness To Accident

The injuries causing death are attributed to a possible heart attack, causing loss of control of the car he occupied alone. His head was crushed, a leg fractured and arm broken and he was otherwise battered. The car was demolished. No one saw the accident, according to report.

Mr. Guenther is survived by his widow, Mrs. Fannie Guenther, two sons, Carl A. and Ben Lee Guenther, also by his parents, Mr. and Mrs. D. G. Guenther, and a brother, E. W. Guenther, all of Versailles.

Miss Bertha Guenther, of 602 West Seventh street, is an aunt of the deceased.

The body was taken to the Kidwell Funeral home. No arrangements for the funeral have been perfected.

HEALTH QUIZ

Do you feel tired—listless? ☐

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly.

Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain "undigested"—leaving you headachy and irritable.

Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better.

Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 10¢ and 25¢.

I know I've been an awful grouch not taking you any place lately. But after standing all day at my new job, my feet darn near killed me with callouses and burning. Now I've reformed—or rather my feet have—thanks to the Ice-Mint you advised. Never tried anything that seemed to draw the pain and fire right out so fast—and the way it helps soften callouses is nobody's business! Been able to get some extra overtime money—so what do you say, let's go dancing tonight. You can step on my Ice-Mint feet all you want.
